# EGG™ TABLE

When Arne Jacobsen first designed the Egg™ Table in 1952, it was to elevate the everyday. The elliptical design is now offered for contemporary spaces in FSC-certified walnut veneer and polished chrome, continuing to raise the bar for our daily rituals. Equally purposeful as a kitchen or dining table in smaller spaces as it is in a home office, it fits seamlessly into any setting. Resting on three chrome legs, an elliptical walnut veneer tabletop lends exclusive edge to the versatile design.
